Sample description	Suplementos dietéticos / Dietary supplements		
Sample reception date :	15/07/2025		
Analysis starting date :	15/07/2025	Analysis end date:	30/07/2025
Your purchase order date :	27/06/2025	Your purchase order reference :	EOL 006-10494-334900
Sampling/Transport :	Pickup/Sample taking Eurofins	* Reception temperature (°C) :	AMB

The information in the table below has been provided by the client and the laboratory is not responsible for it.

Client reference	1
Sample reference	Suplementación Melatonina y Apigenina
Brand	Centenarian Road

Physical-Chemical Analysis	Results
M902Z M9 Apigenin Method : Internal method Apigenin	74600 µg/g

Report electronically validated by Estefania Soriano

EXPLANATORY NOTE

This document can only be reproduced in full ; it only concerns the submitted sample.
When the laboratory has not been responsible for sampling, the results are applied to the sample as received.
Results have been obtained and reported in accordance with our general sales conditions available on request.

Only results for which a specification or a standard is quoted are taken into account during interpretation.
In order to declare conformity to existing regulations or customer specifications, the uncertainty associated with the result will be added or removed in such a way that the result can be interpreted in any case regarding the specifications or regulations in force. It will not be taken into account in case of standards which already incorporate the measurement uncertainties.
The uncertainties of the results have been calculated (for K=2, with a coverage probability of 95%), and are available to the customer.
The tests are identified by a five-digit code, their description is available on request.

The tests identified by the two letters code M9 are performed in laboratory Eurofins Botanical Testing US, Inc..

Sample code Nr.	386-2025-00038576	Report Date	17/04/2025	Page 1/2
Analytical Report Nr.	AR-25-AQ-040891-01 / 386-2025-00038576

Sample description	Dieta deportiva / Sport diet		
Sample reception date :	04/04/2025		
Analysis starting date :	07/04/2025	Analysis end date:	16/04/2025
Your purchase order date :	01/04/2025	Your purchase order reference :	EOL 006-10494-314289
Sampling/Transport :	Submitted by client	* Reception temperature (°C) :	ambiente

The information in the table below has been provided by the client and the laboratory is not responsible for it.

Client reference	SLEEP
Sample reference	Suplementación nutricional de melatonina y apigenina en cápsulas

[No group]	Results
------------	---------

JKRMN	JK General determination of content or purity	
(a)	Result	3933 mg/kg
	Melatonin (1H-qNMR, in the capsule content)	

Molecular Biological Analysis	Results
-------------------------------	---------

BJNGP	BJ Edible Plant Authenticity by Metabarcoding	
(a)	Plant species determination	See conclusion

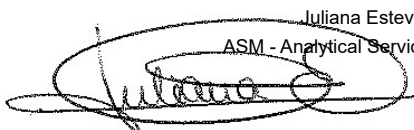

CONCLUSION (not covered by the accreditation)

The relative sequence read amount is only an indication for the relative amount of the plant present in the sample and is influenced by species composition (individual DNA content and different PCR amplification efficiencies of the manifold plant species) and the processing stage and degree of DNA degradation of each present plant species .

The generated NGS results did not pass our quality control. We obtained only unspecific amplification products from the DNA . Therefore, bioinformatic data analysis was not possible and we cannot identify the species.
